

Etiquette & Creative Writing

CURRICULUM

Etiquette

The MECourse would like to offer our dual curriculum for Students in grades 5-8 & 9-12. The curriculum introduces the art of fine dining through a hands-on approach. This curriculum component equips young ladies and young men with the tools needed for proper manners and presentation.

Creative Writing

Our creative writing component assists in providing additional support for reading, comprehension, and vocabulary. Thus producing successful results on the S.T.A.R. test and other equivalency exams.

This Etiquette/Creative Writing curriculum is a full 32-week course. Infused with various topics, activities, and concentrated learning. All culminating in a collaborative Literary Work and our "Prim, Proper, Polished and Poised Gala."

For additional information on bringing this power-packed curriculum to your school or organization, please contact The MECourse at the number listed below. One of our facilitators will contact you within 24 hours.
